

25 June 1984

OTE 84-1222

MEMORANDUM FOR: Executive Officer, OL

FROM:

Executive Officer, OTE

25X1

SUBJECT: First Floor Space, Chamber of Commerce Building

Jahn -

1. Several weeks ago the folks in OL asked us if we would be interested in 4,000 square feet of space on the first floor of the Chamber of Commerce Building. We looked at the space, found it to be most desirable, and notified OL that we could use it. RECD sent over floor plans for this space and we were proceeding as though we were going to get it.

2. At the DDA staff meeting on 21 June, I mentioned that we had been offered the space and would put it to good use. The Deputy Director, Office of Logistics, responded that he knew absolutely nothing about it and the DDA advised me that we should not move into the space until we discussed it further.

3. We are a little confused and would appreciate any suggestion you might have regarding our next move.
